BUILDING RESILIENCE

The Building Resilience project is leveraging CIE's technology and platform by serving as a space for data collection, reporting and care coordination mechanism across the following participating providers: United Way San Diego, Dreams for Change, YMCA-, International Rescue Committee

Anyone with access to the CIE can utilize the newest functionality and screening tools available including:

- PRAPARE (Protocol for Responding to and Assessing Patients' Assets, Risks, and Experiences)
- Financial Capability Scale
- Brief resiliency Scale
- Positive Relationships
- Protective Factors Survey

To learn more about how to access the screening tools, complete this E-Learning: <https://ispri.ng/J0kv7>

SUPPORTIVE SERVICES

According to data reported from the [San Diego Refugee Forum](#), in July 2021, 255 refugees arrived in San Diego County including 158 from Haiti and 71 from Afghanistan. Resettlement agencies reported that they expect more refugees from Afghanistan during the next months.

The International Rescue Committee featured several supportive resources for refugees, asylum seekers, and immigrants in their newsletter in August. Visit their page of resources [here](#).

Sign up to receive their newsletter, [here](#).
